

Address: **Bridgetown**
 visit www.onlineseeker.net for more details:

Emiolo Francis has taken her love for cake making and made it her own. Transforming your delights into edible works of art for any occasion. Cake designs only limited by your imagination and flavours too many to mention will truly satisfy. Providing the highest standard is a mainstay as value for money is reflected in our art.... The only place where you can eat your cake and have it too. <https://www.facebook.com/emmys.cakes>
